THE SS25 COLLECTION

THE SS25 COLLECTION

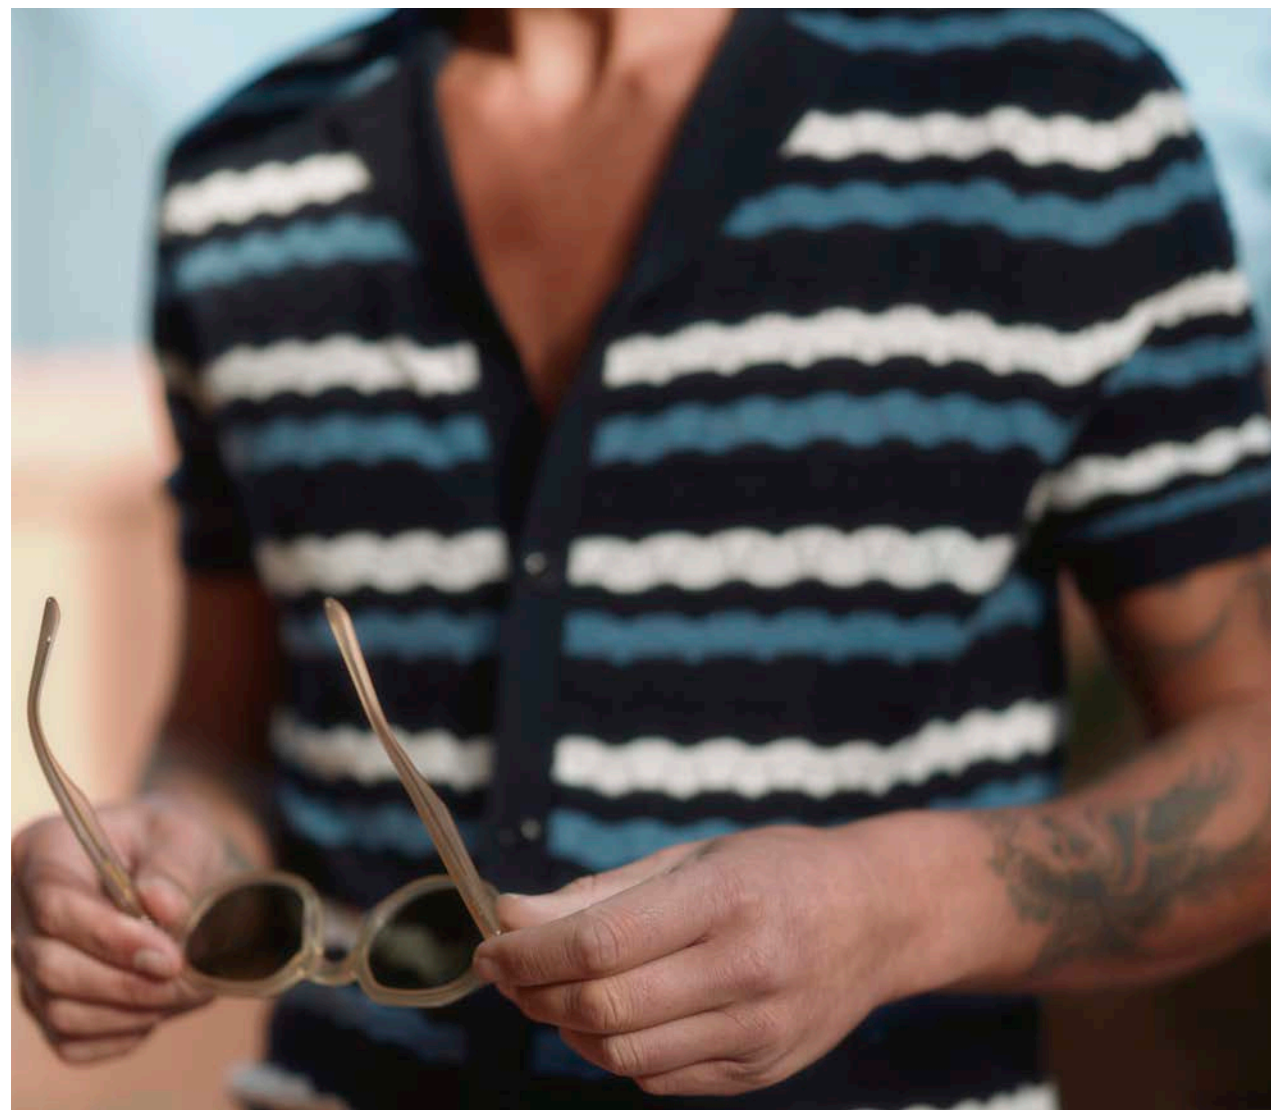

A collection designed to move seamlessly through life, as at home in daily routines as in more far-flung destinations.

Tailoring that's precise, but never confined – cut from lightest linens, paper-weight cottons and tropical wools sourced from the world's finest makers. Fluidly formed trousers and open-weave knits to ease everyday uniforms and formal pieces softened to navigate the season's celebrations.

Details added with care – and removed with reason – for simplified elegance in any landscape.

‘We’ve doubled down on our craft and expertise this season, and SS25 is a step on again. It’s a really considered collection that taps into our knowledge of fabrics, cuts and styles, all while making pieces that are wearable and versatile. The cloths we’re using are from some of the best quality mills, including the likes of Ferla, E. Thomas and Barberis. It’s all about the details you don’t necessarily see – quality styles across tailoring and casual that will stand the test of time.’

Gabriella Brick
